What is Shadows Left Behind?

A 2.5D story-driven exploration game about a boy trapped inside the memories of his burned-down home.

As the player explores each room, they collect clues that reveal what happened on the night of the fire, and uncover the truth about his mother's death.

Accomplishments Since Update 1

Lessons Learned

- Meeting to work in person is beneficial
- Feedback is important!

Playtesting Feedback:

- Add an introduction to understand why the user is finding clues
- Make clues less obvious
- Clue image/text mismatch

Thank you!
